## Personal Profile:

I am final year student at the University of Worcester studying Graphic Design and Multimedia, during my degree I have also undertaken a few summer placements with leading businesses Texcel Technology and Etherlive. Whilst studying at University these places have enabled me to develop not only industry specific skills that are helpful to my degree, but I have collected transferable and valuable skills in a fast paced working environment such as, excellent social skills and working with business clients.

## Achievements:

Whilst in Kings of Wessex Academy School and Sixth Form I was focused on enjoying my courses and achieving good grades. Awards I retained:

- The Cup of Courage and High Achievements twice, 2010 and 2012.
- Basic first aid skills.
- A distinction award in Technology Design and Photography – 2011

## Employment History and Work Experience:

### Texcel Technology - June 2014 Sept 2014

**Job title:** Quality Assistant

- I developed quality attention skills when working with electronics.
- I improved quality assessment replies to Texcel Technology's top customer by 15%
- Gathering specific software skills linked around quality assurance
- I obtained and improved business relationships between customer businesses whilst strengthening internal relationships with surrounding office members.
- I learnt in-depth knowledge about electronics and the process behind assembling them

### Etherlive Events Technology and services:

- **First year Summer Placement - May 2011 to Sept 2011**
- **Second year summer placement - May 2012 to Sept 2012**

**Job title:** Events management assistant

- I worked closely with programmers and developed an independent knowledge of programming routers and CCTV advances.
- I independently ran small to medium events based in London such as Master Piece art show.
- I developed advanced auditing skills and managing large equipment masses.
- Team skills developed when working closely in company groups at events such as South Hampton Boat Show and Music Festivals.
- I gained basic skills involved around accounting and software related such as Sage.
- I gained landscape mapping skills when laying wires for events as a manual labourer in earlier years working there.

- Advanced interviewing and social skills when talking to possible events managers presenting their events to Etherlive.

## **Education:**
